WORK EXPERIENCE

Zulfah Technology Group

Lagos, Nigeria

Senior Front-End Developer

May 2024 - Present

- Developed innovative mobile applications for Android and iOS platforms using JavaScript, React Native (Expo), and TypeScript, successfully releasing 2 cutting-edge apps, including an insurance claim application, and an app for home gas cylinder delivery and refills, with subscription options to never run out.
- Resolved coding issues and optimized user interfaces by translating Figma designs into functional code, leading to a 20% increase in app performance and a 15% boost in user satisfaction ratings.
- Implemented advanced tools like Redux, RESTful APIs, Socket Connect, Git, and third-party npm libraries (e.g., Paystack) to enhance app functionalities and deliver exceptional user experiences.
- Collaborated with the CTO and backend engineers for smooth API integration and project execution using version control systems (Git), enhancing efficiency by 20%.
- Orchestrated 100% of the business logic and deployment of an in-house service delivery project, implementing React Native for the mobile application and Next.js for the web application.

Tens Global Limited

Lagos, Nigeria

Web and Mobile Frontend Developer

Jan 2023 - Dec 2023

- Led the development of logistics mobile and web applications using React Native and React to automate business operations for clients; achieving a 70% increase in efficiency and reduction in running costs.
- Conducted thorough legacy code audits and implemented optimal project structure and environment setup using React Native Debugger and React Jet; enhancing code quality, reusability, and maintenance by 20%.
- Collaborated with the UI/UX team and back-end developers to optimize design flow based on back-end logic, delivering exceptional designs and user experiences, resulting in a 25% increase in user retention rates.

Mobile Application Developer

Jan 2022 - Jan 2023

- Developed innovative mobile applications for Android and iOS platforms using JavaScript, React Native (Expo), and TypeScript, resulting in the successful release of 3 cutting-edge apps, including a solar energy usage calculator, an artisan-for-hire app, and a taxi app.
- Resolved coding issues and optimized user interfaces by translating Figma designs into functional code, leading to a 20% increase in app performance and a 15% boost in user satisfaction ratings.
- Implemented advanced tools like Redux, RESTful APIs, Socket Connect, Git, and third-party npm libraries (e.g., Paystack) to enhance app functionalities and deliver exceptional user experiences.

Tehilah Base Digital Limited

Lagos, Nigeria

Software Engineer Intern

Jun 2020 - Jul 2021

- Collaborated with the development team to enhance the user experience on web and mobile applications, resulting in a 15% increase in user engagement metric.
- Executed code reviews and provided detailed feedback to senior engineers, leading to a 20% improvement in code quality standards.
- Participated in daily stand-up meetings and sprint planning sessions, contributing valuable insights that helped streamline project timelines by 10%.

EDUCATION

University of Lagos

Lagos, Nigeria

Computer Software Engineering

Graduation Date: Apr 2020

SKILLS & INTERESTS

Skills: HTML, CSS, JavaScript, TypeScript, Redux, Postman, Git, Figma, Linux, RestFul API, socket connection, GraphQL, Tailwind, Bootstrap, Chakra UI, Tanstack query, React.js, React Native, and Next.js.
